- A. The Bidder shall acknowledge receipt of this addendum with their submitted proposal.
- B. The date for questions and receipt of bids remains unchanged by this addendum.
- C. This addendum shall serve to answer questions received by Bidders to date.

RESPONSES TO QUESTIONS SUBMITTED VIA EMAIL

Question 1:	I wish to confirm the material of construction for Contract No. 21-05. The specifications call for "Extira in ½" thickness." This is extremely thin for a CNC-carved sign. ½" is not particularly thick for any type of sign, but then to carve into it, even with a shallow cut, compromises its strength to some degree, and if double-sided, then you're basically cutting completely through. Any particular reason that this material and this thickness were specified?
Response 1:	Parks & Recreation staff requests that vendors bid for two signs that will be attached back-to-back for double-sided signs, as opposed to carving into both sides of one ½" Extira sheet.
